**Base Bid Description:**

Base Bid work of the project will consist of asphalt pavement removals & replacement adjacent to the Gran-Aire FBO building. Work includes unclassified excavation, pavement removals, storm sewer work, asphalt paving & pavement markings. Alternate Bid a work consists of the construction of a 9-inch thick concrete fuel spill containment pad. Work includes unclassified excavation, asphalt pavement removals, storm sewer work, concrete curb & gutter, concrete & asphalt paving, joint sealing, & restoration work. Alternate Bid B work shall consist of an Emulsified Asphalt Slurry Seal Coat treatment applied on Taxiways D D1, D2 & the Lawrence J. Timmerman Tower Ramp. Work includes vegetation removals; crack filling, emulsified slurry seal coat treatment, and pavement markings.

The DBD Department concurs with the DBE Participation for the above-recommended Bid. Please refer to the approved Form DBD-014C attached to the recommendation.
